

CLC song

All thru' the day *Am C D7*
CLC, CLC, CLC. *G E7 Am*
All thru' the night *C D7*
CLC, CLC, CLC. *G E7 Am*
You can not get away from it *Dm*
Ev'ryone's praising it, *F6*
Coming on strong all the time, *E7b9 E*
All thru' the day *Am, maj7, 7, 6*
CLC. *Fmaj7*

All I can hear
CLC, CLC, CLC.
More every year
CLC, CLC, CLC.
You can tell it's a superhit
Ev'ryone's says it's it,
But please tell me what does it
mean,
What does it mean, CLC ?
I want to know CLC, CLC, CLC.
Haven't a clue CLC, CLC, CLC.

All the time wondering
All the time questioning,
All the time trying to find out,
What does it mean, CLC ?
Before I did found out *C Am7*
I almost lost my mind *Em G*
But now that I've been told *C Am*
I'm really feeling fine *Em G*
Now here's the answer *C*
and you know it can't be bad *Am*
Hear these words *Fm*
and I know you will be glad *G*
Carl Linderholm Combustion *Am*
Carl Linderholm Combustion *D7*
with a name like that *Fm*
You know you should be glad *G*
Carl Linderholm Combustion
Carl Linderholm Combustion
Carl Linderholm Combustion, *F*
Yeah *C6*
