

## Marcus - Dont Look Back In Anger, (*Oasis*)

Slip inside the eye of your mind  
Don't you know you might find  
A better particle today  
You said that you'd never been  
But all the particles you've seen  
Slowly fade away

Go on and start to fluidize your bed  
Cos you should use the brains that's in your head  
Turn on the fuel gas and let it flow  
Stand up beside the fireplace  
Run a CLC test case  
Cos you should go and burn methane ouuuuuuuuuuuuu uuuuut

So Marcus please wait, it's not really too late  
though the climate's in danger  
Our planet wastes away, but don't look back in anger  
I heard you say

Tell me 'bout the place where you go  
Where nobody knows, if it's night or day  
Please don't put your life in the hands  
of some company man, who'll throw it all away

Make a revolution in your bed  
Cos you should use the brains that's in your head  
Turn on the fuel gas and let it flow  
Stand up beside the fireplace  
Run a CLC test case  
Cos you should go and burn methane ouuuuuuuuuuuuu uuuuut

So Marcus please wait, it's not really too late  
though the climate's in danger  
Our planet wastes away, but don't look back in anger  
I heard you say

So Marcus please stay, don't go away  
cause the climate's in danger  
Our planet wastes away, but don't look back in anger  
I heard you say
